C. Tenderer's Declarations on the Offer

- The prices quoted are all-inclusive: equipment, all applicable duties and taxes, cross-border shipping (Schedules 2 and 3 — Lebanon and Cyprus), customs clearance and delivery to the centres. Installation is carried out by the beneficiary universities and is excluded from this offer.
- All prices are expressed in Euro (EUR) and are fixed, non-revisable and non-modifiable for the entire duration of the contract.
- This offer remains valid for ninety (90) days from the submission deadline.
- This offer covers the entire scope — all items in all three country schedules (Jordan, Lebanon and Cyprus); partial or country-only offers are not accepted.

Where the tenderer sub-contracts local firms in Lebanon and/or Cyprus, the tenderer remains solely and fully responsible to JYIF for the whole contract, including all sub-contractor performance.

- Pricing has been prepared using the fixed reference exchange rate provided by JYIF for comparability only; all amounts are expressed in EUR, and this reference rate is not the settlement rate.
- All payments are made in Jordan and in EUR, in phases per country schedule — each released independently after that country's completed delivery and signed acceptance; no payment is made outside Jordan.
- The tenderer has examined and accepts, without reservation, the Call for Tenders and all its annexes.
